

Donskaya Elena Yurievna

Date of birth: November 18, 1972

Education: higher, Irkutsk State University

Specialty: mathematician-teacher

Specialization: mathematics

Years of study: 1989 - 1994

Work experience:

Irkutsk National Research Technical University

September 2015 - Present;

Irkutsk State Transport University

September 2010 - June 2015: Associate Professor of the Department of Mathematics;

Angarsk State Technical Academy

March 2006 - June 2010: Associate Professor of the Department of Higher Mathematics;

June 2000 - February 2006: Senior Lecturer of the Department of Higher Mathematics;

September 1994 - May 2000: Teaching Assistant at the Department of Higher Mathematics.

Over the years, I have developed lectures and practical classes in the following sections: "Linear Algebra", "Analytical Geometry", "Mathematical Analysis", "Series", "Differential Equations", "Probability Theory and Mathematical Statistics", "Economic and Mathematical Methods", "Economic and mathematical models", "Econometrics", as well as "Discrete mathematics", "Equations of mathematical physics" and "Operational calculus".

Since 2003 she has lectured, conducted practical classes, participated in the development of work programs, compiled sets of tasks for control and independent work for students of both technical and economic specialties, developed an electronic training course in the discipline "Linear Algebra" in the distance learning system Moodle IrGUPS.

Additionally:

November 1996 - November 2000: postgraduate studies at the Irkutsk State University of Railways;

December 2005: defense of a Ph.D. thesis on the topic: "Dynamic processes of interaction of elements of automated complexes."

Marital status: married, has a daughter.

Tel. 8-914-909-83-54.
