WHY CHOOSE INRTU

Quality Education

You can learn from outstanding Russian and foreign professors with strong industry and business connections. Our students have access to world-class research facilities and laboratories.

Easy visa approval

The university provides all international students with invitations letters that are necessary to obtain visa.

Exploring Russian culture

INRTU usually organizes interesting festivals and attractive trips for international students which help them to explore Russia and know more about its culture.

Modern city

IRKUTSK is a modern safe city with developed infrastructure, plenty of shopping malls, museums, parks, historical sightseeings.

International community

Over 1500 foreign students from 40 countries have already chosen us to have success and build a future professional career.

Value for money

Tuition and living expenses are significantly lower than studying and living in Moscow or other Russian cities.

Good Accommodation

All university buildings and student dormitories, sports facilities and cafes are in a 5-minute walk from each other. The campus is located 15 minutes from the city center. Dorm fees are very affordable.

Exciting Student Life

Discover an incredible range of extracurricular, sporting and entertainment opportunities on campus and make the most of your university life.

Russian

REQUIREMENTS

No requirements

LENGTH OF STUDY

6 months

MODE OF STUDY

Offline/online/hybrid

TUITION FEE PER YEAR

60 000 RUB

This intensive course is an initial stage of educational track, citizenship or career for foreigners who plan to study, live or work in Russia. Its design allows students to participate in various types of activities stimulating their Russian language proficiency by means of classroom work and self-studies. The students will be able to become Basic or Independent Users of the Russian Language depending on their academic performance, participation mode, and degree of involvement. The program includes General Russian Module providing language competences for everyday use and the Module of Russian for Specific Purposes subdivided into various academic subjects such as Social Science, Physics, Information Technology, Biology, and Chemistry.

Irkutsk National
Research
