

List of Entrance Exams for PhD Programs 2026

Scientific Specialty	Entrance Examination	Number of Tuition-Paying Places in 2026
1.1.7. Rational Mechanics, Dynamics of Machines	Rational Mechanics, Dynamics of Machines	1
1.4.1. Inorganic Chemistry	Inorganic Chemistry	1
1.4.3. Organic Chemistry	Organic Chemistry	1
1.4.4. Physical Chemistry	Physical Chemistry	1
1.5.15. Ecology	Ecology	1
1.5.6. Biotechnology	Biotechnology	1
1.6.20. Geomatics engineering, Cartography	Geomatics engineering, Cartography	1
1.6.6. Hydrogeology	Hydrogeology	1
1.6.9. Geophysics	Geophysics	1
1.6.15. Land management, cadastre and land monitoring	Land management, cadastre and land monitoring	2
1.6.21. Geoecology	Geoecology	1
2.1.11. Theory and History of Architecture, Restoration and Reconstruction of Historical and Architectural Heritage	Theory and History of Architecture, Restoration and Reconstruction of Historical and Architectural Heritage	2
2.1.13. Urban Studies and Rural Planning	Urban Studies and Rural Planning	2
2.1.14. Life cycle management of construction projects	Life cycle management of construction projects	1
2.1.3. Heat Supply, Ventilation, Air Conditioning, Gas Supply and Lighting	Heat Supply, Ventilation, Air Conditioning, Gas Supply and Lighting	2
2.1.4. Water Supply, Sewerage, Construction of Water Resources Protection System	Water Supply, Sewerage, Construction of Water Resources Protection System	2
2.1.5. Constructional materials and products	Constructional materials and products	2
2.1.7. Technology and Organization of Construction	Technology and Organization of Construction	2
2.1.9. Structural Mechanics	Structural Mechanics	2

1.2.2. Mathematical Modeling, Numerical Methods and Program Systems	Mathematical Modeling, Numerical Methods and Program Systems	5
2.3.3. Automation and control of technological processes and production in industry	Automation and control of technological processes and production in industry	2
2.4.2. Electrical Complexes and Systems	Electrical Complexes and Systems	2
2.4.3. Electric Power Engineering	Electric Power Engineering	2
2.4.5. Power Systems and Complexes	Power Systems and Complexes	3
2.5.11. Ground Transport and Technological Means and Complexes	Ground Transport and Technological Means and Complexes	2
2.5.15. Thermal and Electric Rocket Engines and Power Engineering Systems for Aircraft	Thermal and Electric Rocket Engines and Power Engineering Systems for Aircraft	1
2.5.22. Product Quality Management. Standardization. Production Organization	Product Quality Management. Standardization. Production Organization	2
2.5.6. Mechanical Engineering Technology	Mechanical Engineering Technology	1
2.6.10. Technology of Organic Substances	Technology of Organic Substances	2
2.6.11. Technology and Processing of Synthetic and Natural Polymers and Composites	Technology and Processing of Synthetic and Natural Polymers and Composites	2
2.6.12. Chemical Technology of Fuels and High-Energy Substances	Chemical Technology of Fuels and High-Energy Substances	1
2.6.17. Materials Science	Materials Science	2
2.6.2. Metallurgy of Ferrous, Non-Ferrous and Rare Metals	Metallurgy of Ferrous, Non-Ferrous and Rare Metals	2
2.7.1. Biotechnology of Food, Medicinal and Bioactivity Substances	Biotechnology of Food, Medicinal and Bioactivity Substances	1
2.8.1. Geological Exploration Technology and Engineering	Geological Exploration Technology and Engineering	1
2.8.3. Mining and Petroleum Field Geology, Geophysics, Mine Surveying and Subsoil Geometry	Mining and Petroleum Field Geology, Geophysics, Mine Surveying and Subsoil Geometry	1

2.8.8. Geotechnology, Mining Machinery	Geotechnology, Mining Machinery	1
2.8.9. Mineral Processing	Mineral Processing	2
2.9.5. Operation of Automobile Transport	Operation of Automobile Transport	3
2.10.1. Fire Safety	Fire Safety	1
2.10.2. Environmental Safety	Environmental Safety	1
2.10.3. Labor Safety	Labor Safety	1
5.1.2. Public Law (State law) Sciences	Public Law (State law) Sciences	4
5.2.3. Regional and Sectoral Economics	Regional and Sectoral Economics	15
5.2.6. Management	Management	3
5.4.4. Social Structure, Social Institutions and Processes	Social Structure, Social Institutions and Processes	2
5.6.6. History of Science and Technology	History of Science and Technology	3
